ASMR Student Chapter Charter  
Standing Committee of the Forestry Club  
University of Kentucky, Department of Forestry

Objectives:
Provide a venue in which University of Kentucky (UK) undergraduate and graduate students with an interest in reforestation and restoration of disturbed lands, including those lands disturbed by mining activities, can:
1) Assist other organizations with projects as needed;
2) Work with corporate, agency, and other partners to gain skills and experience;
3) Complete one group-determined service project per semester;
4) Attend conferences or workshops related to reforestation/reclamation;
5) Assist with seminars/conferences, field trips, and tree planting events with Green Forests Work and the Appalachian Regional Reforestation Initiative;
6) Host speakers or workshops;
7) Host fundraisers to support members attending conferences;
8) Explore involvement with other university reforestation efforts;
9) Other projects as they arise and are deemed valid for this group.
