Research I, II, III Open Pool - Environmental Compliance Specialist
Colorado State University - Fort Collins, CO

POSITION
Environmental Compliance Specialist (Research Associate I, II, or III Special) positions are available with the Center for Environmental Management of Military Lands (CEMML).

ORGANIZATION
CEMML is a research, education and service unit within the Warner College of Natural Resources at Colorado State University (CSU). CEMML applies the latest and most appropriate science to promote the sustainable management of natural and cultural resources on Department of Defense (DoD) and other public lands. We provide technical support, conduct applied research, and offer career development and learning opportunities to support resource stewardship. We collaborate with our sponsors and within CSU to resolve complex environmental issues, leaving a legacy of science-based decisions that sustain our resources for future generations.

Position Summary
RESPONSIBILITIES
The Environmental Compliance Specialists will provide technical expertise and management services in support of Environmental Compliance Programs in specific reference to air quality, waste water, storm water, hazardous materials and waste, and aboveground storage tanks and underground storage tanks programs. These positions will be expected to support DoD, state and federal environmental compliance and assist in preparation for inspections. The associates will execute data migration and implementation using data management systems. The associates will write technical reports and document site visit activities, challenges, and recommendations. These positions will communicate with all levels of management and workers to provide support to compliance programs. The associates will use observations and data collection to provide recommendations to installation personnel in order to ensure compliance with environmental programs.

PHYSICAL REQUIREMENTS
The successful candidates must be able to walk over uneven terrain in inclement weather. The positions will also require bending, climbing, and lifting up to 25 pounds.

LOCATION
Environmental Compliance pool positions will look to fill positions as they become available across the United States to include the following states:

SALARY
Salary is commensurate with location, experience and qualifications. Continuations of the positions are dependent on the receipt of future funding from the sponsor.

BENEFITS
Colorado State University offers a generous benefits package including 24 days of paid vacation leave, tuition credits, excellent health insurance (including vision and dental), and retirement plans with 10% matching. For more information on Administrative Professional benefits, visit http://www.hrs.colostate.edu/benefits/.

Required Job Qualifications
MINIMUM QUALIFICATIONS
The successful candidates must demonstrate U.S. employment eligibility; CEMML will not provide visa
sponsorship for these positions. BS or BA degree in environmental science, earth science, or a related field; or 15 years demonstrated related work experience is required. The successful candidates must have knowledge of and experience with federal regulations related to environmental compliance. Other required qualifications are the ability to work independently, take initiative to resolve issues, and demonstrate superior verbal and written communication skills. The successful candidates must be able to pass the DoD background check for a Common Access Card (CAC). The successful candidates must have or be able to obtain a valid driver's license. Preferred Job Qualifications

**DESIRABLE QUALIFICATIONS**

Desired qualifications include experience working in a highly structured organization and demonstrated knowledge of military instructions, directives, guidance, and environmental regulations and processes. Demonstrated work experience with the DoD environmental programs is preferred. Existing National Agency Check with Inquiries (NACI) is highly desired. Experience conducting environmental audits and inspections is beneficial. Reflecting departmental and institutional values, candidates are expected to have the ability to advance the Department’s commitment to diversity and inclusion.

Diversity Statement

Reflecting departmental and institutional values, candidates are expected to have the ability to advance the Department’s commitment to diversity and inclusion.

**EEO Statement**

Colorado State University is committed to providing an environment that is free from discrimination and harassment based on race, age, creed, color, religion, national origin or ancestry, sex, gender, disability, veteran status, genetic information, sexual orientation, gender identity or expression, or pregnancy. Colorado State University is an equal opportunity/equal access/affirmative action employer fully committed to achieving a diverse workforce and complies with all Federal and Colorado State laws, regulations, and executive orders regarding non-discrimination and affirmative action. The Office of Equal Opportunity is located in 101 Student Services.

**Background Check Policy Statement**
Colorado State University (CSU) strives to provide a safe study, work, and living environment for its faculty, staff, volunteers and students. To support this environment and comply with applicable laws and regulations, CSU conducts background checks. The type of background check conducted varies by position and can include, but is not limited to, criminal (felony and misdemeanor) history, sex offender registry, motor vehicle history, financial history, and/or education verification. Background checks will be conducted when required by law or contract and when, in the discretion of the university, it is reasonable and prudent to do so.
